

Change the Way Finance Works

CFO INSIGHTS NEWSLETTER

Welcome to the February issue of CFO Insights.

This month, we explore how to navigate change: in the M&A landscape, compliance expectations within ESG and top risks finance leaders must be aware of in the coming decade. Read on for our thoughtful insights on how to navigate risk in a dynamic world.

Featured Article

[M&A In 2023: 4 Actions to Win the Race for Returns](#)

In the next 12 months, and possibly beyond, the M&A landscape looks to be much different than during the prior two years. When it comes to the organization's M&A plans, expectations have changed and CFOs and their teams need to be ready to act.

Upcoming Webinar

[ESG Risk Management](#)

Tuesday, February 28 | 11 a.m. ET

Amid upcoming regulatory changes and expanding disclosure requirements, organizations must quickly adapt their risk management and compliance practices. Available to watch **On Demand** post-event.
