Key issues being discussed in boardrooms and C-suites around the globe

This year's survey reveals that executives and directors **perceive the current business environment as the riskiest in the 11 years** we have conducted this study.

Protiviti and NC State University's ERM Initiative are pleased to provide this report focusing on the top risks for the short term — 2023 — and the long term — 2032 — from 1,304 respondents in C-suite and board positions in organizations around the globe.

Staying abreast of emerging risk issues and opportunities is becoming increasingly difficult. This report was developed specifically to support you in navigating these challenging times.
