# Protiviti SAP Solutions

protiviti®  
Global Business Consulting

To drive growth, profitability and scalability, technology and business leaders must transform organizational and application functions and processes. SAP S/4HANA serves as a catalyst for this enterprise transformation, providing the tools and capabilities to integrate and streamline operations.

## Navigate Your S/4HANA Journey with Confidence.

As companies prepare for the end of life (EOL) support of SAP ECC in 2027, there are several critical points to consider including addressing security risks, ensuring compliance, exploring migration options, budgeting for associated costs, engaging with vendors and reassessing long-term ERP strategies.

By understanding these key points and taking proactive measures, Protiviti can help companies effectively navigate the end-of-life support and migrate to SAP S/4HANA ensuring continuity of business operations.

## Our Expertise

No matter the implementation approach, our global team of certified professionals can help navigate the complex S/4HANA landscape.

- **End-to-End Advisory:** Evaluate and suggest best practices during planning, implementation and optimization.
- **Workstream Delivery:** Manage and deliver specific elements of the implementation.
- **Resource Augmentation:** Provide interim or permanent talent with the right experience, location and cost requirements to optimize your global project needs.
