Modernizing Identity Management for SAP With Microsoft Entra ID

Thursday, June 20

1 p.m. EDT | 10 a.m. PDT

With the recent announcement of end-of-life support for SAP Identity Management in 2027 and the Microsoft/SAP collaboration effort to develop a solution enabling SAP customers to migrate their identity management scenarios to Microsoft Entra, now is the perfect time to learn how this integration can

modernize your identity management program. In this webinar, our expert speakers will demonstrate how this integration empowers organizations to centralize identity management, enhance security, and streamline user provisioning and de-provisioning.

During this interactive webinar, our Microsoft and SAP experts will discuss:

- The significance of identity management and governance
- Understanding the challenges of identity management within SAP
- Overview of Microsoft Entra ID and its capabilities
- Benefits of integrating SAP with Entra ID for identity and access management
