

Fiori Enablement Framework

Increase Adoption of SAP S/4HANA

- ▶ Are your end users struggling with accessing SAP S/4HANA data, delivering actionable insights, or working from anywhere on any device?
- ▶ Are your Executive Sponsors challenging the value delivered with the move to SAP S/4HANA?

You are likely not fully leveraging the power of Fiori.

Fiori deployment has continued to challenge organizations in a post Go-Live Environment. The process of identifying, testing and deploying Fiori Apps to match a user's specific workflow can be cumbersome and ineffective.

Protiviti's **Fiori Enablement Framework** provides a repeatable process that enables organizations to identify, adopt and rapidly deploy Fiori Apps that help to increase productivity and improve adoption of your SAP S/4HANA system improving overall business case achievement.

86%

of organizations plan to leverage Fiori for improved productivity and user experience.*
