Road Map to Analytics in the Cloud:

ASSESS YOUR READINESS

Extend your analytics capabilities with the modern, predictive insights of SAP Analytics Cloud. SAP BusinessObjects 4.3 has even tighter integration with SAP Analytics Cloud, and new licensing allows you to easily add SAP Analytics Cloud capabilities and leverage existing universes, reports and security.

ACCELERATE TRANSFORMATION

Dig deeper with services to help you implement an actual use case and experience the power of SAP Analytics Cloud predictive capabilities. Two "Jumpstart" programs are available to ensure a solid, integrated foundation and quick user adoption.

GO ALL-IN ON CLOUD

With over 50 clients running SAP BusinessObjects on cloud platforms like Amazon Web Services, Microsoft Azure, and Google Cloud Platform, you can trust Protiviti to move your landscape with minimal disruption.

EVOLVE

Leverage Protiviti's team of technical onshore and offshore resources to manage your SAP BusinessObjects landscape in the Cloud so you can focus on delivering quality insights to your users.
