

Custom Business Applications

Protiviti provides modern, relevant, high-quality and scalable software solutions to help you grow your business. Whether you need assistance with custom development, enterprise application modernization, or integration services our team provides innovative, flexible solutions that save time and maximize value.

Services Offerings

Our team of experts utilizes a strategic, iterative approach to software development; focusing on problem solving and operational excellence throughout the entirety of the Software Development Life Cycle.

DISCOVERY

Protiviti will help you define your users, prioritize your problems that need to be solved, create comprehensive product and technology strategies, and craft a strategic plan that aligns with your business objectives.

Health, Architecture, & Functional Assessments | User Persona Creation | Project, Digital & Test Plans | Competitive, Cost Benefit, UX, Requirements & Code Analysis | Web Audits | Customer Journey Maps | Product Roadmaps | Project Estimations

DESIGN, ARCHITECTURE & PROTOTYPING

Protiviti has the expertise to create human-centric design and define the software methods, functions, overall structure, and interactions to create products that deliver meaningful experiences to your users.

Enterprise IT, Architectural, DevOps, High-Fidelity & User Experience Designs | Site Maps | Mockups | Style Guide | User Stories | Information Architecture | Proof of Concepts | Clickable Prototypes | Usability Studies

DEVELOPMENT

Whether building a greenfield solution, enhancing an existing application, modernizing a legacy application, or managing a complicated integration for you, Protiviti has the resources you need with unparalleled experience in every major technology.

Custom Software | Web, Mobile & Cloud Applications | Enterprise Portals | Data Warehouses | System Integrations | Websites | Templates | Forms | Quality Assurance Audits

DELIVERY, PROCESS & GOVERNANCE

We will help you build a strong policy, system and tools that empower your stakeholders to isolate causes of potential release failures and mitigate them quickly to ensure a successful software delivery.

Business Process Analysis | Alpha/Beta Tests | User Acceptance Reports | Release Plan Templates | Training/Governance Plans | Product/System Overview Documentation

Why We Are The Right Partner For You

Strength. Uniting with a global, award-winning firm with over \$1 billion in revenue enhances your opportunities for growth, profitability, and efficiency.

Talent Acquisition. Protiviti manages the onboarding of resources for you by building an exclusive resource pipeline, removing bottlenecks, increasing consistency and eliminating surprises.

Scalability. We provide you the ability to easily ramp up or down project work to align with your changing business demands.

Rapid Project Starts. We help you address your needs quickly by typically starting a project within 2-3 weeks.

Subject Matter Expertise. Protiviti can address your project gaps by offering domain experts and their specialized skills.

Reduced Employer Overhead. By partnering with Protiviti, you are able to avoid the costs and liabilities of hiring direct employees.

Low Attrition Rates. Engage with Protiviti project resources that are readily and repeatedly available to you.
